Wall after ten years in heavily polluted environment

Surface treated with common
self-cleaning coatings

Untreated
surface

Surface treated with
functional coating FN®

Functional coating FN®

Excellent for long-lasting preservation of monuments

- ✓ Active and long-term protection against microorganisms, dirt deposits and UV degrading effects
- ✓ Highly oxidizing surface with super strong self-cleaning effect activated by sunlight
- ✓ High breathability and vapor permeability
- ✓ Preserves the surface, and is easily removed without change in surface condition
- ✓ Important after-effect: anti-graffiti and anti-sticker effect
- ✓ Certified for concrete, masonry and mineral substrates (eg. granite, sandstone, stone)
- ✓ 10 years functional guarantee on vertical surfaces
